Ganado, TX 77962

Up Coming Gatherings

A message from Wes Dukes regarding the decision to change the date of Walk #92

Well the curtains did not open for the Emmaus walk this weekend. After much prayer and gathering information it came down to doing a STOP WORK. In safety we preached that is something doesn't look right, smell right, or taste right to use your STOP WORK authority. In other word's push pause until you can figure it out. It is better to push pause than get yourself or others hurt. Even if the job (in this case a weekend retreat) has highest importance, Safety trumps it all.

"Rejoice always, pray without ceasing, give thanks in all circumstances; for this is the will of God in Christ Jesus for you." 1 Thessalonians 5:16-18

I must confess that I was not rejoicing as weather reports after weather reports kept coming in for South Texas. After all a very great group of men and women had committed much time and effort. People all over were already praying for this event. The roster is of those attending was in place and the Food for the weekend was ready to consume.

In the midst of the Decision there was a storm inside my soul. It raged with thoughts of defeat and failure. And then a small voice said "You know what the right thing to do is."

Immediately the inner battle was over. Energy refocused from defeat to the joys of planning a new day. A new opportunity. God had already opened the door for a vacant weekend of March 12th.

Is there something that you need to use STOP WORK authority on? Is there something you need to push pause on? God's plan is bigger and better!
